

NOTE

It doesn't cost a feller so much ter please a girl, but b'golly it's keepin' her pleased is what makes lots a' fellers go broke.

The twelfth Bryan peace treaty, that between the United States and Costa Rica, was signed.

The appointment of an American to manage the Great Eastern Railway in England has aroused British railway circles.

KENTUCKY SCHOOL TRUSTEES

Educational Association Aims To Make Department One of Important Features.

A department of School Trustees will be held in connection with the Kentucky Educational Association in Louisville April 29, 30, May 1 and 2. This is the first year the Trustees have been asked to attend the meetings of the association. It is hoped by those in charge to have 4,000 present.

Special meetings for the trustees will be held Thursday and Friday afternoons, April 30 and May 1. On Thursday there will be addresses by educators and on Friday a round table discussion.

Every Trustee who attends the meeting should be prepared to discuss one or more of the subjects named above.

My commission expires January 12, 1916.
JAS. T. WALTON, Notary Public.

Senator Augustus Octavius Bacon of Georgia, one of the level-headed Democratic leaders of his party, died in a Washington hospital Saturday.

"MOVE ON!" FOR POOR EVELYN.

Charlotte, N. C.—Mrs. Evelyn Nesbit Thaw, who appeared here last night in a theatrical performance, was unable to secure hotel accommodations, though application was made for her at several of the first-class hotels and at one second-rate house. Mrs. Thaw spent the night in a sleeping car in the railroad yards. None of the other members of her company was thus inconvenienced.

At every hotel to which she applied for lodging she was told there was no room to spare. One hotel clerk frankly told newspaper men that Mrs. Thaw was not the kind of guest his hotel wanted.

The hotels really were crowded. People came from as far as fifty miles away to attend Mrs. Thaw's show. The city was filled with visitors for the event. Every seat was taken in the theater.

Beauty may be only skin deep. But Nothing else ever looks as dirty as a so is the skirt that covers it.

The Kentucky State Farmers' Institute assembled at Frankfort, February 24, 25 and 26. Not only the delegates elected by the County Farmers' Institutes, but all farmers are welcome to attend these meetings, and are urged to attend. There has been arranged a strong program and it will be good for the farmers to meet, listen to these addresses and papers and come in contact with progressive farmers from different parts of the State. Incidentally the farmers might enjoy looking in on the General Assembly in session.

Marr & McClintock, of Bourbon, recently sold a fine 4-year-old black jack to T. R. Marsh, of Harrison County for \$1,000.

The taking of the United States census every five years instead of every decade, as at present, is advocated by former Director S. N. D. North.

Prescription Filling!

When you receive a prescription, though it may have been quickly written, it embodies the results of years of study and experience on the part of your physician. It is essential that each drug which enters into it be of the exact potency which the doctor intended or results will be lacking. The compounding must also be properly done or there may be failure for that reason.

When you bring prescriptions to us you get the finest drugs that money will buy and you get scientific compounding. We feel our responsibility in this matter and have every equipment necessary to give you perfect service. If you have us fill your prescriptions you can feel sure about them.

FIELD OF OIL AND GAS

Underlies Leasehold of Ohio Valley Oil and Gas Company of This City Says Scientific Expert.

The following expert information will be gleefully received by Maysville and Mason County stockholders in the Ohio Valley Oil & Gas Company of this city. This company is the same which bored for oil and gas at Dover and struck the now celebrated Audubon water, which has been flowing 30,000 gallons of health-giving water for over ten years. This company has leases on over 20,000 acres of land in Mason and Bracken counties and is now sinking another well near Brooksville, having gone down 1,000 feet with fine prospects for oil and gas.

As this company owns all the oil and gas leases in the territory referred to by the report below, the stockholders are beginning to have that cheery, millionaire feeling.

The letter follows:

WM. HENRY DRUMMET
MINERALOGIST
AND OIL SPECIALIST
Houston, Texas.
May 9, 1913.

Mr. Fred Siedentop, Brooksville, Kentucky.
Dear Sir:

I made a careful examination and geological survey of the territory about Bridgeville, Kentucky, on the north fork of the Licking River and am pleased to state that I found the various indications that characterize an oil field in this section of the state.

The general contour and salt domes present a structural condition suitable to the accumulation of oil and gas in large quantities. The oil and gas seepages, gas-mounds and oil found in a number of the shallow wells, and gas blow-outs exerting a heavy pressure, taken together with the mineral waters, asphalt beds and a peculiar leaching of the soil and discoloration of the rocks, all point very indicatively to a petroleum find.

ing wells of from ten to twenty million cubic feet of gas per day.

Geologically, this oil and gas territory is made possible by a lateral flexure of the Ohio River Fault Line which ends in and makes possible a structural condition suitable to the accumulation and maintenance of both oil and gas in large quantities.

Thoroughly satisfied that you have an oil and gas field of large proportions that with the proper location and completion of the wells and careful management will yield large returns, I remain,

Very respectfully yours,
WM. H. DRUMMET.

MISS LIDA E. GARDNER

Has Something to Say About Her Recent Visit to Maysville and Mason County Schools.

I met the Mason County trustees, Miss Yancey and some other interested persons in Miss Yancey's large double room office. The trustees were very much interested and organized, agreeing to attend the K. E. A. They also agreed to see that their teachers attend as far as possible. The County Board agreed, on motion of Mr. Boyd, seconded by Mr. Owens, to attend the K. E. A. Miss Yancey certainly has a fine lot of trustees and county board members.

Mason and Bracken counties have been doing their part in educational meetings for two years and we are sure that they will continue to be as progressive. Prof. W. J. Caplinger and the Maysville teachers will also attend. It is an injustice to the children of a district for the trustee and teacher to fail to attend these great educational meetings where the greatest educators of the nation give such instructive addresses. And any city or county superintendent who fails to attend fails to

Nurse Proclaims Skin Cure

Myrtle Hahn Says D. D. D. Prescription is Worth Rockefeller's Millions to Her.

"Ten years I suffered with eczema—three years of that time I could not appear in public. My entire body was covered with the disease. I could not eat. I could not sleep. I could not live. I have at last found the great cure. D. D. D. My body is clean, smooth. If there were one bottle only of D. D. D. in the world and I had it, Mr. Rockefeller's millions could not buy the golden field."

Nurse Myrtle Hahn (in care of Laidler Home, Durham, N. C.)

J. JAMES WOOD & SON, Druggists
